WHAT IS EXILIS?

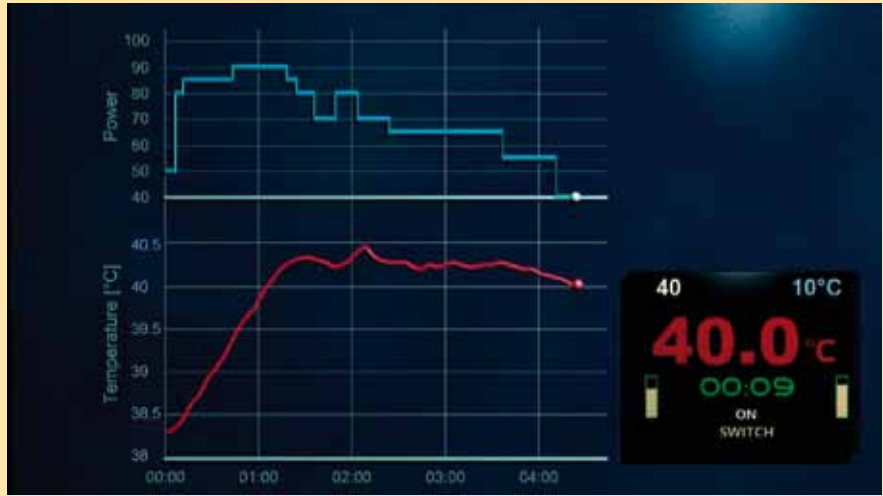

RF REDEFINED

Exilis offers a significant technological advance in Radio Frequency aesthetic treatment. The exclusive **Energy Flow Control (EFC)** system delivers maximum thermal effect to tissue in the shortest time while ensuring safety, comfort and control.

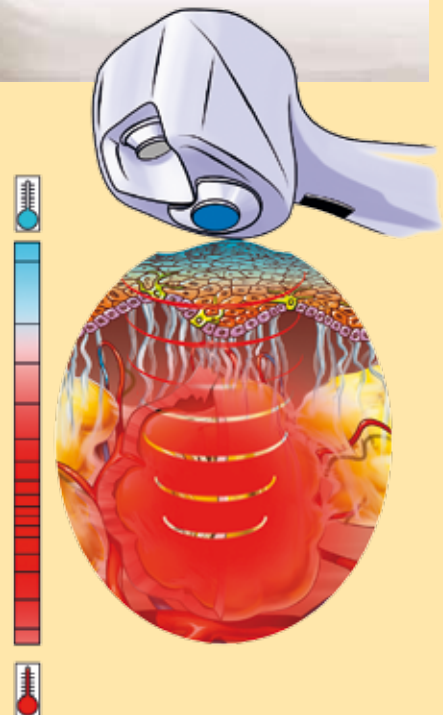

- ◇ Sophisticated applicator design delivers precise heating, cooling and temperature monitoring
- ◇ Reach therapeutic temperature fastest to desired depth of heating
- ◇ Constant detection of RF flow to tissue provides a predictable therapeutic response and ensures ultimate patient safety
- ◇ Full system control for clinician on handpiece
- ◇ One system for both **face and body** without disposable costs

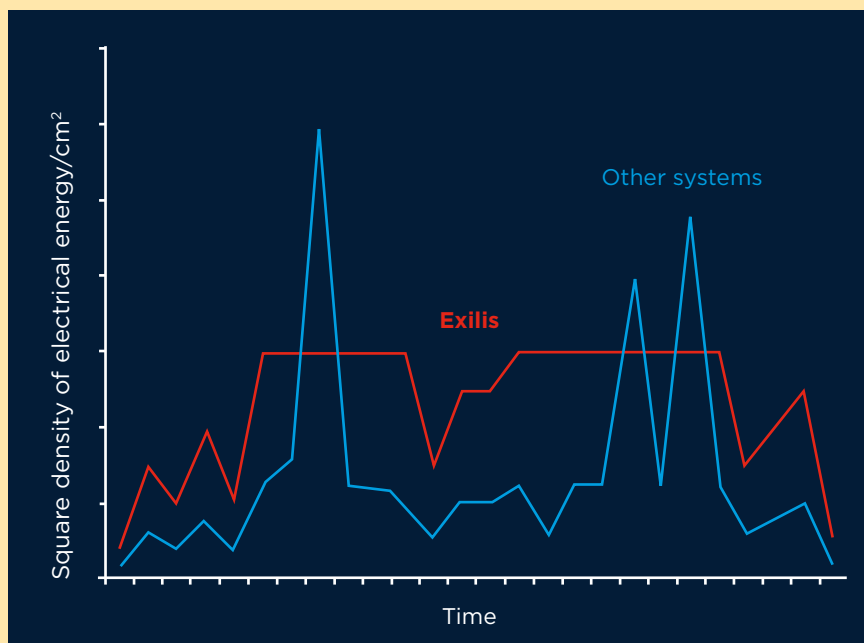

THE POWER OF RF WITH TOTAL CONTROL

Real time monitoring of skin temperature allows operator complete visual control and the ability to deliver maximum power without discomfort

ENERGY FLOW CONTROL SYSTEM (EFC)

The installed EFC software controls the energy flow and automatically eliminates energy peaks. This process is known as the Square (“Flat Top”) Spectrum Energy Profiling and is a unique feature of Exilis high-frequency therapy. Exilis ensures uniform energy distribution - allowing safer, faster and more efficient therapy.

- ◇ Reach Therapeutic Thermal Temperature rapidly
- ◇ Deliver more Energy over shorter time period
- ◇ System Intelligence eliminates energy peaks preventing discomfort
- ◇ EFC helps minimize risk of skin burns

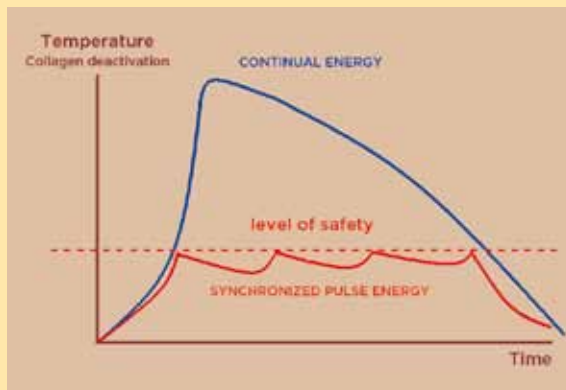

CRT FACIAL REMODELING

COLLAGEN REFILL TECHNOLOGY

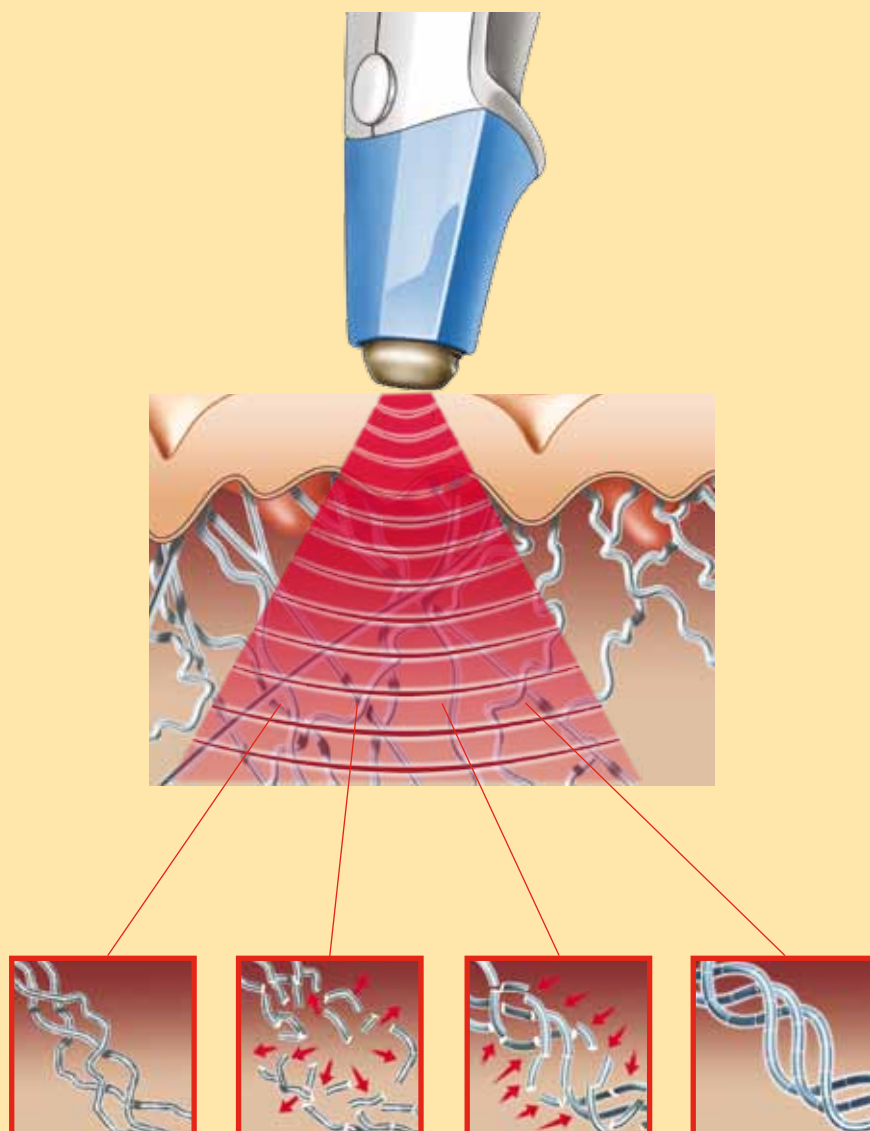

- ◇ Collagen remodeling through a **patented** system of **controlled energy delivery**
- ◇ Dramatic improvement of **skin density and dermal thickening** based on neocollagenesis
- ◇ Homogenous and consistent energy distribution is non chromophore-dependent and works with all skin types

CONTROLLED ENERGY DELIVERY

- ◇ **Synchronized pulse energy** delivery enables precisely dosed superficial heating
- ◇ Dual energy pulse for **ultimate effectiveness**
- ◇ Only a **fraction of energy** is needed when compared to existing technologies
- ◇ **No cooling** necessary
- ◇ **Fast** and very **comfortable** treatment

HOW CRT WORKS:

- ◇ The collagen fibers triple-helix structure is affected by heat and this initiates the **unravelling process**
- ◇ The **focused energy** thermally disrupts collagen fibers
- ◇ The controlled thermal effect quickly and efficiently **dissociates the collagen structure**
- ◇ The natural healing process evokes fibroblasts to actively produce **new collagen fibers**
- ◇ Exilis results are based on using controlled RF energy to stimulate **Collagen Remodeling**

EFFECTS:

- ◇ Wrinkle reduction
- ◇ Measurable anti-aging effects
- ◇ Smoother and younger looking skin
- ◇ Enhanced collagen production

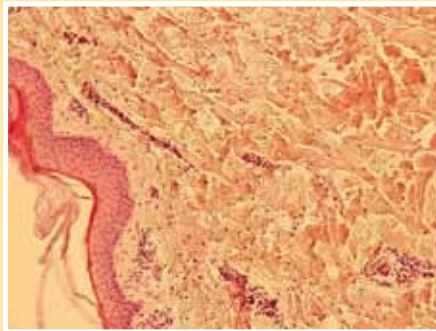

Exilis is FDA cleared for use in non-invasive dermatologic and aesthetic procedures with indications for the treatment of wrinkles and rhytids.

CLINICALLY TESTED

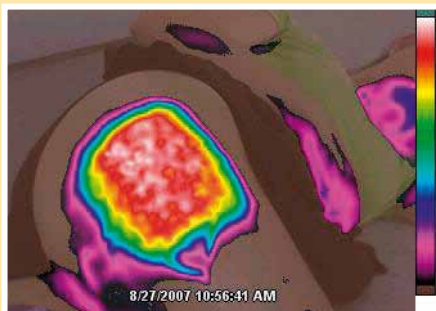

Prevas laser system - Used to compare and measure dimensions and changes

- ◇ Supported by extensive research
- ◇ Safe to body organs proven by biochemical testing
- ◇ Clinically tested both in vivo and in vitro

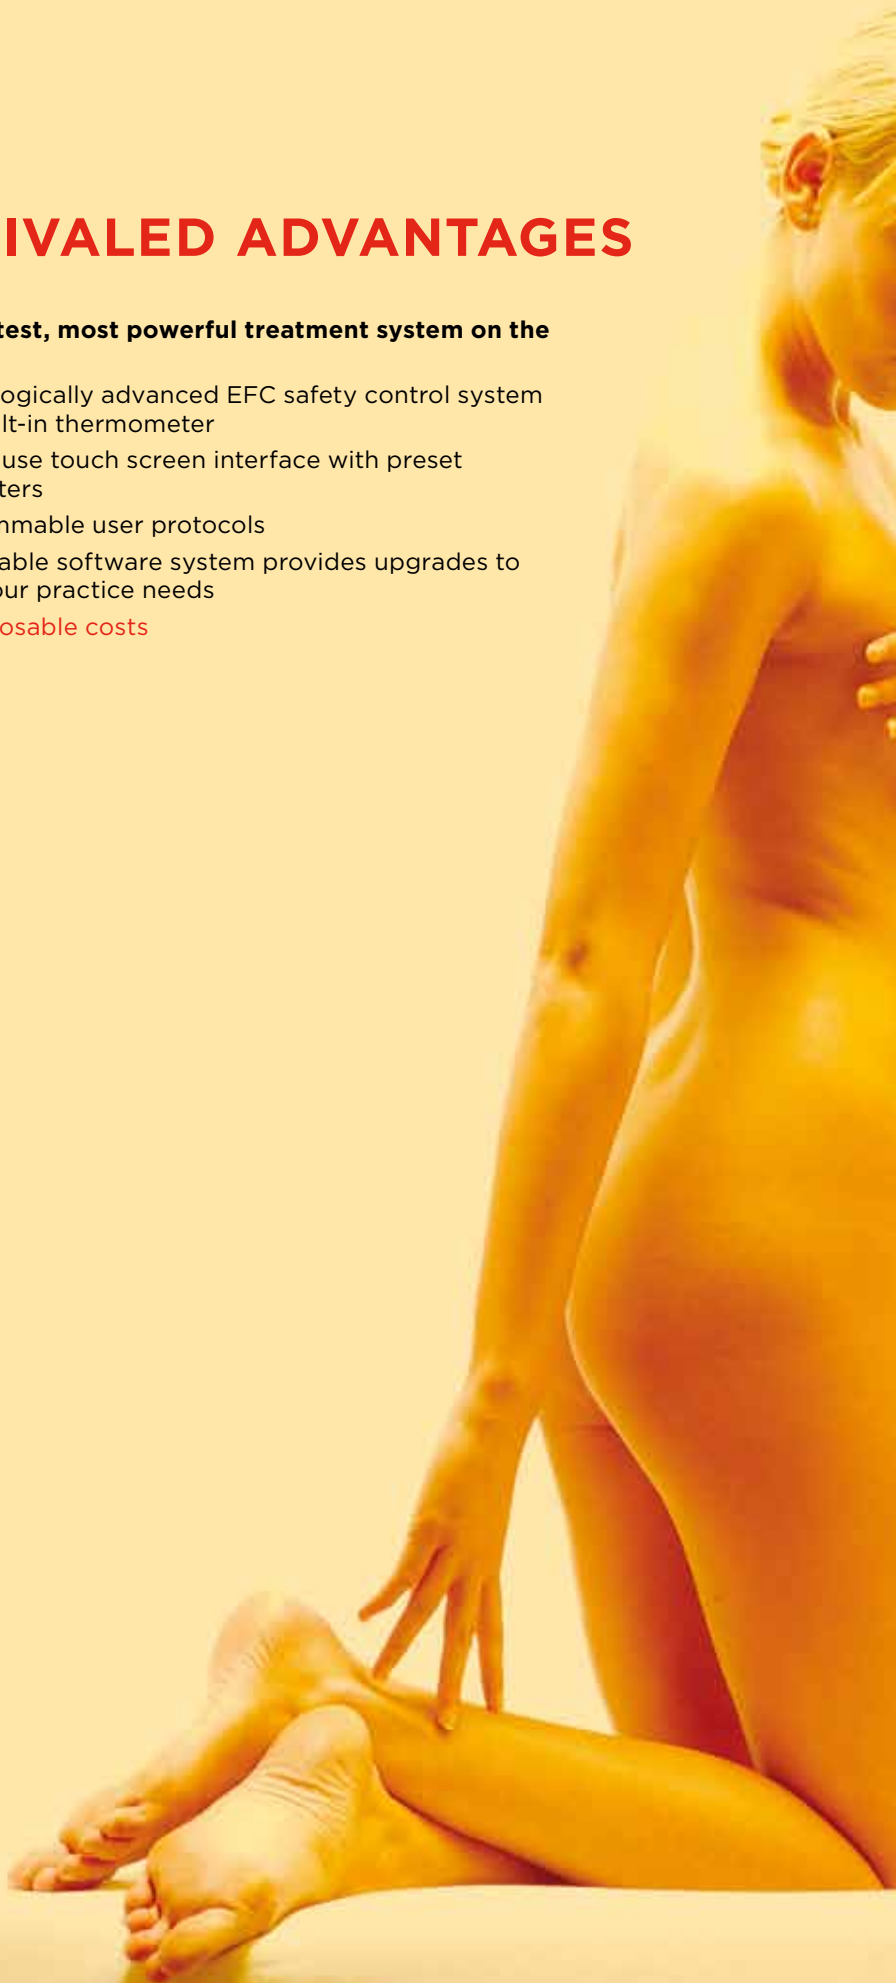

Histology - skin tissue sample
No Adverse Pathology noted

Post procedure thermography scan
Uniform Volumetric Heating

UNRIVALED ADVANTAGES

- ◇ **The fastest, most powerful treatment system on the market**
- ◇ Technologically advanced EFC safety control system with built-in thermometer
- ◇ Easy to use touch screen interface with preset parameters
- ◇ Programmable user protocols
- ◇ Expandable software system provides upgrades to meet your practice needs
- ◇ **No disposable costs**

CLIENT SATISFACTION GUARANTEED

- ◇ Comfortable treatments with no anesthesia
- ◇ No downtime
- ◇ Fast, efficient treatment
- ◇ Incremental, lasting and measurable results
- ◇ Excellent results in 4 sessions or less
- ◇ Body and face solutions

CLINICIAN'S BENEFITS

- ◇ Advanced non-invasive treatment system now affordable to you and your clients
- ◇ Innovative treatment modality
- ◇ Short treatment times best for patient and practice
- ◇ Treatment is easily delegated to authorized personnel
- ◇ Rapid return on investment
